RE: Mississippi Family Planning Waiver

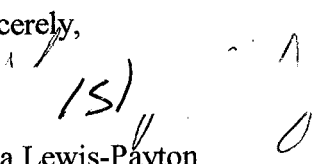

Dear Ms. Everitt:

In response to CMS' comments submitted via e-mail on May 20, 2002, the Division has revised Attachment B concerning the ICD-9 Codes for family planning services to include the reference source.

Also, the second issue pertained to the Division indicating, in writing, the codes that will be claimed for a 90 percent federal match rate. Please note that it is the Division's intent that the procedure codes listed in Attachment A will be claimed at the 90 percent match only when accompanied by one of the diagnosis codes in Attachment B.

Inquiries related to the above may be forwarded to Bo Bowen, Deputy Administrator for Health Services at (601) 359-6134.

Sincerely,

Rica Lewis-Payton
